

Press Release

Nitin Khanna MD, AAOS spokesperson, promotes back pack safety with the American Academy of Orthopedic Surgeons

Munster, IN, August 19, 2016 –

Dr. Nitin Khanna as AAOS spokesperson puts out guidelines for backpack safety during the back to school season.

“I have a strong belief that prevention and wellness are key to avoiding injuries to the spine. We have the opportunity to intervene in promoting healthy backpack safety for our young children, which may prevent both near term and long term damage to the spine. ” said Nitin Khanna, MD, FAAOS.
